

# **PASS IT ON!**

Photos? Documents? Jewish family memorabilia?

How can I protect that cherished but yellowing old photo of my grandparents?

Where can I safekeep that box of photos from the old neighborhood?

How can I preserve the documents from my father's Bar Mitzvah?

What should I do with those keepsakes from the old shul?

What should I do with the old videocassettes from my own Bat Mitzvah?

We want to *pass these things on to the next generation* – to ensure our family story gets handed down and our Jewish heritage is not lost.

How can we do this?

**You are cordially invited to**
